**Writing a Memoir
*Is it for you?***

What is your story?

Writing a memoir – is it for you? You may think not, but most of you are writers and I believe every writer has a memoir in them. So, what is a memoir? How do you begin the journey, what are the steps, how do you face that doubting inner voice, why would people read it, what is your story? There are many unknowns, but overcoming them is extremely rewarding. If I can do it, then I have confidence that you can too. For me, overcoming the hurdles of writing a memoir has opened my world as a writer to avenues that I never thought possible.

Join Barry to entertain the thought of writing a memoir.

Please join us on November 9, 2019!

Writers Table starts @ 11:15---early birds get seats, chat up the presenter, garner copies, don't miss any of the presentation & learn the most.
